

PROFESSIONAL CERTIFICATION IN LEARNING & DEVELOPMENT

Modules Offered

Core

- Facilitation of Learning
- Change Management (ATD)
- Performance Management
- Coaching (ATD)

Electives (Choose 1)

- Leading and Managing High Performance Teams
- Integrated Talent Management (ATD)
- L&D Entrepreneurship

Practicum

This practice-oriented certification enables Human Resource (HR) and L&D practitioners as well as executives and managers across the organisation to build their capabilities, and thus drive the performance of their organisation through better people management and development practices so as to move towards building a high-performing workplace.

DISTINCTIVE FEATURES

Focuses on direct skills application, using L&D job related project assignments & in-company practicum projects.

Closely aligned with the Association for Talent Development (ATD) Competency Model.

Modular & credit accumulation structure, giving you flexibility to complete the programme in 2 years.
